SUMMARY

Software engineer developing and maintaining 4 production Laravel systems for a state government department and a lending business. Experienced in REST API design, API security, workflow automation, payment and bank integrations, and MIS reporting. B.Tech in Artificial Intelligence & Data Science (CGPA 8.02) with hands-on machine learning work in Python.

WORK EXPERIENCE

iLogitron Technologies July 2026 – Present
Associate Software Development Engineer *Agartala, Tripura*

- Engineered a 10-stage case workflow across 11 administrative roles for the Revenue Department's **Change of Land Use Portal** (Laravel 12, PHP 8, MySQL, JWT).
- Integrated 6 government and payment systems: Land Records API (HMAC-SHA256 signed), e-GRAS payments with NEFT, NGDRS property valuation, e-Jami mutation, SWAAGAT single sign-on and an SMS gateway.
- Developed the diversion fee calculator, MIS and case-monitoring dashboards, a support ticket desk with exports, and an admin impersonation module for support staff.
- Automated repayment reconciliation in the **Core Loan Management System** (5 loan stages, from disbursement to settlement) by integrating HDFC eCMS webhooks (Laravel 11), eliminating manual entry.
- Built MIS and Trial Balance financial reports, including opening-balance calculations, for loan accounting.
- Designed REST APIs for 4 Flutter mobile app modules (projects, tasks, leave, employee statistics) on a Laravel 10 HR and operations platform, and added 2 modules (Asset, Recruit).
- Strengthened API security by auditing the leave API and fixing the vulnerabilities found.
- Authored system design documentation and architecture diagrams for the land-use portal (LaTeX, Excalidraw).

Software World Sep 2023 – June 2025
Web Developer Intern (Sep 2024 – June 2025); Trainee (2023 – 2024) *Agartala, Tripura*

- Delivered a **Hospital Management System** in live hospital use with 5 modules: patient registration, doctors, appointments, medical records and billing (PHP, MySQL, JavaScript, Bootstrap).
- Led development of the live website and health-data management system for the **Voluntary Health Association of Tripura**.
- Contributed to production web applications using Python, Angular, PHP and MySQL.

PROJECTS

LSTM Stock Prediction & Portfolio Manager | *Python, TensorFlow/Keras, Streamlit* Mar 2025 – June 2026

- Forecasted stock prices with LSTM time-series models and built a Streamlit dashboard for trends, predictions, alerts and performance metrics.

Summarize.pro: AI Multi-Modal Book Summarizer | *Python, NLP* Mar 2025 – June 2026

- Launched a free AI tool that summarizes books from text and other input formats into key insights.

AI Resume Builder | *Open source* Aug 2025 – Nov 2025

- Created an open-source AI tool that generates resumes tailored to each user's profile.

SKILLS

Languages: PHP, Python, JavaScript, SQL, HTML, CSS
Backend: Laravel (10–13), REST API Design, API Security (JWT, Sanctum, HMAC), Webhooks, Payment Gateway Integration
Databases: MySQL, MariaDB, Database Design
Frontend: React, Angular, Bootstrap, Tailwind CSS, Vite, Blade
Data & ML: Machine Learning, scikit-learn, LSTM / Keras, Pandas, Streamlit, Jupyter Notebook, Tableau, Excel
Practices & Tools: System Design Documentation, Workflow Automation, Git, GitHub, Postman, VS Code, LaTeX
Professional: Technical Writing, Communication, Problem Solving, Leadership, Team Collaboration, Project Management, Mentoring

EDUCATION

Techno College of Engineering Agartala 2022 – 2026
B.Tech in Artificial Intelligence & Data Science *CGPA: 8.02 / 10*

Netaji Subhash Vidyaniketan, Agartala (TBSE) 2021 / 2019
Higher Secondary, Science: 69.2% | Madhyamik: 76%

CERTIFICATIONS & TRAINING

NPTEL: Software Conceptual Design, IIT Bombay (2025) | NPTEL: Python for Data Science, IIT Madras (2025)
Web Development Using React, TalkEng (2025) | Data Analytics with Python, Excel & Tableau, CTTC Bhubaneswar (2024) | Machine Learning Using Python, NIELIT Agartala (2023)

LEADERSHIP & ACTIVITIES

Coordinated the Coding Club at TCEA (2024 – 2026), organizing peer learning and open-source contributions across campus.
Guided students through training initiatives as Student Coordinator of the Training & Placement Cell, TCEA (2023 – 2026).
Competed in the hackathon at Techno College of Engineering Agartala.
